### **Weekly news**

Great to see the number of members in the club last Thursday evening. Steve and his musos played some lovely background tunes through to around 9.30 which kept members in their numbers in the club. Thanks Steve we would like to see you again.

Last Sunday a good number arrived at the club and stayed close to closing time. Sunday at the club is a good way to end your week relaxed before having to start your busy work week.

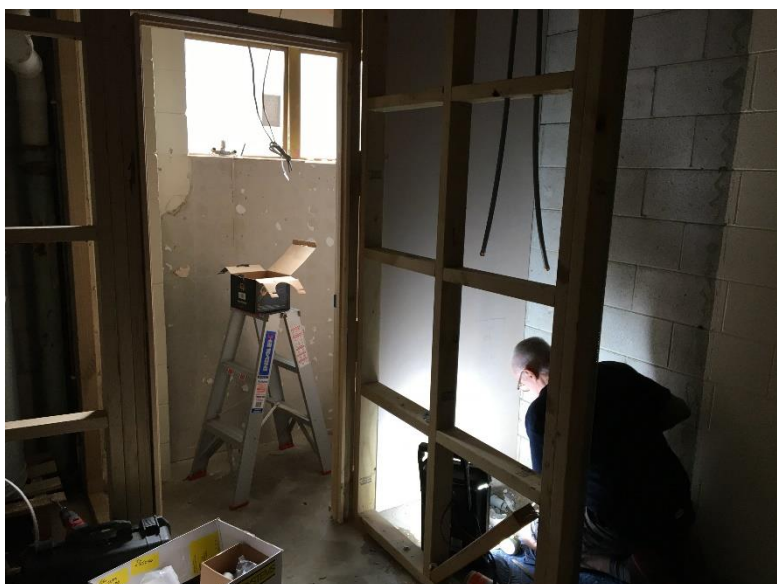

Steve managed to haul boats over the last week with more due to be hauled as weather permits. This means the carpark area will become very congested but our priority is to maximise the good weather windows for hauling and allowing members to work on their boats. We ask that you respect the red lined area which we require for safe movement with the travel and forklift trucks. It may be best to use the council carpark when the area is in use throughout the day

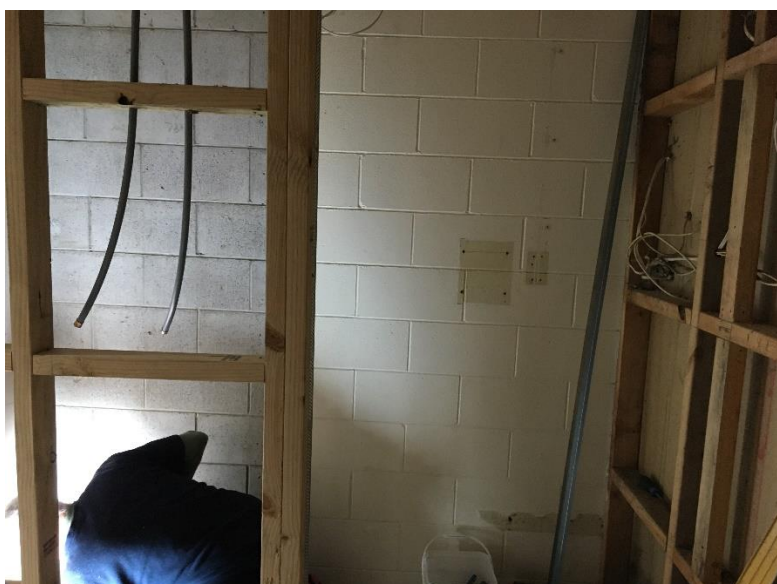

Happy children enjoying a Sunday afternoon at the club

**Reminder:** The AGM, is Saturday fortnight we encourage you to attend. The agenda has been sent to members by email, for those members who don't have email hard copies will be mailed to you. Your committee has worked hard throughout the past year and they have worked towards keeping members up to date with what is happening in your club. In the AGM agenda is some important business that will impact on our club in the coming year. We need your support and feedback, this is the time to express if your committee is on the right track.
